# SAFETY DATA SHEET

Revision Date: 08/09/24

# PRODUCT AND COMPANY INFORMATION

Product Name:	Cellulose acetate	Molecular Formula:	Unspecified
Catalog Number(s):	083		
Company:	Scientific Polymer Products, Inc. 6265 Dean Parkway Ontario, NY 14519		
Telephone: Fax: Website:	585/265-0413 585/265-1390 www.scipoly.com		

**Section 1: Identification** 

Emergency Phone Number: 800-255-3924 (CHEM TEL)

# Section 2: Hazards Identification

## Classification of the substance or mixture

GHS Classification in accordance with 29 CFR 1910 (OSHA HCS) Combustible dust

#### **GHS Label elements, including precautionary statements**

Pictogram	None
Signal word	Warning
Hazard statement(s)	May form combustible dust concentrations in air.
Precautionary statement(s)	Keep away from heat/sparks/open flames – No smoking.
	Take precautionary measures against static discharge.
	Dispose of contents/container to an appropriate treatment and disposal
facility in accordance with applicable lay	vs and regulation, and product characteristics at time of disposal

facility in accordance with applicable laws and regulation, and product characteristics at time of disposal.

Hazards not otherwise classified (HNOC) or not covered by GHS None known

To the best of our knowledge, the toxicological properties of this chemical have not been thoroughly investigated. Use appropriate procedures and precautions to prevent or minimize exposure.

# Section 3: Composition/Information on Ingredients

Ingredient	CAS Number	Concentration (%)
Cellulose acetate	9004-35-7	100

# Section 4: First Aid Measures

#### **Description of first aid measures**

If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration.

# In case of skin contact

Wash off with soap and plenty of water. Get medical attention if symptoms occur.

#### In case of eye contact

Flush eyes with water. If easy to do so, remove contact lenses. Get medical attention if symptoms persist.

#### If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water. Seek medical advice.

#### Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11

#### Indication of any immediate medical attention and special treatment needed

Contact with molten substance/product may cause severe burns to skin and eyes. Treat symptomatically.

# Section 5: Fire-Fighting Measures

#### Suitable extinguishing media

Use water spray, dry chemical or carbon dioxide.

## Special hazards arising from the substance or mixture

Powdered material may form explosive dust-air mixtures.

## **Advice for firefighters**

Minimize dust generation and accumulation. Wear self-contained breathing apparatus and full protective clothing for firefighting if necessary.

# **Further information**

No data available

# Section 6: Accidental Release Measures

# Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing vapors, mist or gas. For personal protection see section 8.

#### **Environmental precautions**

No special environmental precautions required.

# Methods and materials for containment and cleaning up

Sweep up and shovel. Keep in suitable, closed containers for disposal.

# **Reference to other sections**

For disposal see section 13.

### Section 7: Handling and Storage

#### Precautions for safe handling

Avoid contact with molten material. Minimize dust generation and accumulation. For precautions see section 2.

### Conditions for safe storage, including any incompatibilities

Keep from contact with oxidizing materials. Keep container closed.

#### Specific end use(s)

Laboratory chemicals, Manufacture of substances

# Section 8: Exposure Controls/Personal Protection

### Control parameters

Components with workplace control parameters

Contains no substances with occupational exposure limit values.

## **Exposure controls**

# Appropriate engineering controls

Good general ventilation. Personal protective equipment

## **Eye/face protection**

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

### Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

#### **Body Protection**

Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

#### **Respiratory protection**

Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

# Control of environmental exposure

No special environmental precautions required.

### **Section 9: Physical and Chemical Properties**

#### Information on basic physical and chemical properties

a) b) c) d) e) f) g) h) i)	Appearance Odor Odor Threshold pH Melting point/freezing point Initial boiling point and boiling range Flash point Evaporation rate Flammability (solid, gas)	Form: powder Odorless No data available No data available No data available No data available No data available No data available No data available
j)	Upper/lower flammability or explosive limits	No data available
k) n) o) p) q) r) s) t)	Vapor pressure Vapor density Relative density Water solubility Partition coefficient: n- octanol/water Auto-ignition temperature Decomposition temperature Viscosity Explosive properties Oxidizing properties	No data available No data available No data available Negligible No data available No data available No data available No data available No data available No data available

#### Other safety information

No data available

#### Reactivity No data available

**Chemical stability** Stable under recommended storage conditions.

#### **Possibility of hazardous reactions** Can decompose at elevated temperatures.

#### **Conditions to avoid** Excessive heat

**Incompatible materials** Strong oxidizing agents

# Hazardous decomposition products Carbon dioxide, carbon monoxide

In the event of fire: see section 5

# Section 11: Toxicological Information

# Information on toxicological effects

Acute toxicity No data available

Inhalation: No data available

Dermal: No data available

#### Skin corrosion/irritation No data available

No data available

#### Serious eye damage/eye irritation No data available

#### **Respiratory or skin sensitization** No data available

#### Germ cell mutagenicity No data available

### Carcinogenicity

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

## **Reproductive toxicity**

No data available

Specific target organ toxicity - single exposure No data available

#### Specific target organ toxicity - repeated exposure No data available

#### Aspiration hazard No data available

# **Additional Information**

RTECS: Not available

# **Section 12: Ecological Information**

**Toxicity** No data available

Persistence and degradability No data available

**Bioaccumulative potential** No data available

**Mobility in soil** No data available

# Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

# Other adverse effects

No data available

Section 13: Disposal Considerations

### Waste treatment methods

### Product

Offer surplus and non-recyclable solutions to a licensed disposal company.

### Contaminated packaging

Dispose of as unused product.

Section 14: Transport Information

### DOT (US)

Not dangerous goods

IMDG Not dangerous goods

IATA Not dangerous goods

# Section 15: Regulatory Information

### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

## SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### SARA 311/312 Hazards

Fire Hazard

#### Massachusetts Right to Know Components No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right to Know Components	
Cellulose acetate New Jersey Right to Know Components	CAS-No. 9004-35-7
	CAS-No.
Cellulose acetate	9004-35-7

# **California Prop. 65 Components**

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Section 16: Other Information				
HMIS Rating Health:	1	<b>NFPA Rating</b> Health:	1	
Flammability: Reactivity:	1 0	Flammability: Reactivity:	0	

This material is intended for laboratory use only. It is not sold or intended for drug, household or other uses. The information represents the most accurate and complete data currently available to us. However, we make no warranty, express or implied, with respect to such information, and we assume no liability resulting from its use.
