## **SAFETY DATA SHEET**

Revision Date: 03/07/23

## **Section 1: Identification**

## PRODUCT AND COMPANY INFORMATION

**Product Name:** 2-Sulfoethyl methacrylate **Molecular Formula:** C<sub>6</sub>H<sub>10</sub>O<sub>5</sub>S

Catalog Number(s): M-144

**Company:** Scientific Polymer Products, Inc.

6265 Dean Parkway Ontario, NY 14519

 Telephone:
 585/265-0413

 Fax:
 585/265-1390

 Website:
 www.scipoly.com

**Emergency Phone Number:** 800-255-3924 (CHEM TEL)

## **Section 2: Hazards Identification**

## Classification of the substance or mixture

## GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)

Serious eye damage, Category 1C, H318 Skin corrosion, Category 1C, H314 Eye irritation, Category 2B, H320

## **GHS Label elements, including precautionary statements**

**Pictogram** 

Signal word Danger

Hazard statement(s)

H314 Causes serious skin burns and eye damage.

Precautionary statement(s)

P280 Wear protective gloves/protective clothing/ eye protection/face protection.

P302+P352 IF ON SKIN: Wash with plenty of soap and water.
P305B IF IN EYES: Separate eyelids with finger tips.
P314 Get medical advice/attention if you feel unwell.
P351 Rinse cautiously with water for several minutes.

P501 Dispose of contents/container to an approved waste disposal plant.

## Hazards not otherwise classified (HNOC) or not covered by GHS - None

To the best of our knowledge, the toxicological properties of this chemical have not been thoroughly investigated. Use appropriate procedures and precautions to prevent or minimize exposure.

## Section 3: Composition/Information on Ingredients

Ingredient	CAS Number	Concentration (%)
2-Sulfoethyl methacrylate	10595-80-9	90-100
4-Methoxyphenol	205-769-8	0-10

## **Section 4: First Aid Measures**

## Description of first aid measures

## **General advice**

Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

#### If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Contact medical personnel if discomfort persists.

#### In case of skin contact

Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Consult a physician.

## In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician. Separate eyelids with finger tips.

#### If swallowed

Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician

## Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11

## Indication of any immediate medical attention and special treatment needed

No data available

## **Section 5: Fire-Fighting Measures**

#### Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

## Special hazards arising from the substance or mixture

Sulphur oxides

#### **Advice for firefighters**

Wear self-contained breathing apparatus for firefighting if necessary.

#### **Further information**

Use water spray to cool unopened containers.

#### Section 6: Accidental Release Measures

## Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. For personal protection see section 8.

## **Environmental precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

## Methods and materials for containment and cleaning up

Any information listed below is to be considered in addition to internal guidelines for isolation of spill, containment of spill, removal of ignition sources from immediate area and collection for disposal of spill by trained protected clean up personnel.

## Reference to other sections

For disposal see section 13.

## **Section 7: Handling and Storage**

## Precautions for safe handling

Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. For precautions see section 2.

## Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Recommended storage temperature 4°C

## Specific end use(s)

Laboratory chemicals, Manufacture of substances

## Section 8: Exposure Controls/Personal Protection

## **Control parameters**

## Components with workplace control parameters

Contains no substances with occupational exposure limit values

## **Exposure controls**

## **Appropriate engineering controls**

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

## Personal protective equipment

## Eve/face protection

Use chemical splash goggles and face shield. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

## Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

## **Body Protection**

Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

#### **Respiratory protection**

Where risk assessment shows air purifying respirators are appropriate use a full face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### Control of environmental exposure

Prevent further leakage of spillage if safe to do so. Do not let product enter drains.

## **Section 9: Physical and Chemical Properties**

## Information on basic physical and chemical properties

a) Appearance
 b) Odor
 c) Odor Threshold
 Form: Liquid
 No data available
 No data available

d)	рН	No data available
e)	Melting point/freezing point	No data available
f)	Initial boiling point and boiling range	No data available
g)	Flash point	No data available
h)	Evaporation rate	No data available
i)	Flammability (solid, gas)	No data available
j)	Flammability or explosive limits	
	Upper	No data available
	Lower	No data available
k)	Vapor pressure	No data available
I)	Vapor density	No data available
m)	Relative density	No data available
n)	Water solubility	Infinite
o)	Partition coefficient: n- octanol/water	No data available
p)	Auto-ignition temperature	No data available
q)	Decomposition temperature	No data available
r)	Viscosity	No data available
s)	Explosive properties	No data available
t)	Oxidizing properties	No data available

## Other safety information

No data available

## Section 10: Stability and Reactivity

## Reactivity

No data available

## **Chemical stability**

Stable under recommended storage conditions.

## Possibility of hazardous reactions

No data available

## **Conditions to avoid**

Heat

## **Incompatible materials**

Acids, bases, peroxides, metals

## **Hazardous decomposition products**

Other decomposition products- no data available

In the event of fire: see section 5

## **Section 11: Toxicological Information**

## **Acute toxicity**

No data available

## Skin Corrosion/Irritation

No data available

# **Serious Eye Damage/Eye Irritation** No data available

## **Respiratory or Skin Sensitization**

No data available

## **Germ Cell Mutagenicity**

No data available

## Carcinogenicity:

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable,

possible or confirmed human carcinogen by IARC.

ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen

or potential carcinogen by ACGIH.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or

anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen

or potential carcinogen by OSHA.

#### **Reproductive Toxicity**

No data available

## Specific Target Organ Toxicity - Single Exposure

No data available

## **Specific Target Organ Toxicity – Repeated Exposure**

No data available

## **Aspiration Hazard**

No data available

## **Additional Information:**

RTECS: No data available

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

## Section 12: Ecological Information

#### Toxicity

No data available

## Persistence & Degradability

No data available

## **Bioaccumulation Potential**

No data available

## **Mobility in Soil**

No data available

## **Results of PBT and vPvB Assessment:**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

#### **Other Adverse Effects**

No data available

## **Section 13: Disposal Considerations**

#### Waste treatment methods

#### **Product**

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional and national hazardous waste regulations to ensure complete and accurate classification.

## Contaminated packaging

Dispose of as unused product.

## **Section 14: Transport Information**

DOT (US)

UN number: 1760 Class: 8 Packing group: III Proper shipping name: Corrosive liquids, n.o.s. (2-Sulfoethyl methacrylate)

Poison Inhalation Hazard: No

**IMDG** 

UN number: 1760 Class: 8 Packing group: III Proper shipping name: Corrosive liquids, n.o.s. (2-Sulfoethyl methacrylate)

Poison Inhalation Hazard: No

IATA

UN number: 1760 Class: 8 Packing group: III Proper shipping name: Corrosive liquids, n.o.s. (2-Sulfoethyl methacrylate)

Poison Inhalation Hazard: No

## **Section 15: Regulatory Information**

## SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

## **SARA 313 Components**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

## SARA 311/312 Hazards

Fire Hazard, Acute Health Hazard

## **Massachusetts Right To Know Components**

<b>U</b>	CAS No.
2-Sulfoethyl methacrylate	10595-80-9
4-Methoxyphenol	205-769-8

#### **Pennsylvania Right To Know Components**

2-Sulfoethyl methacrylate CAS No. 10595-80-9 4-Methoxyphenol 205-769-8

**New Jersey Right To Know Components** 

CAS No.
2-Sulfoethyl methacrylate 10595-80-9
4-Methoxyphenol 205-769-8

## California Prop. 65 Components

This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

## **Section 16: Other Information**

HMIS RatingNFPA RatingHealth:3Health:3Flammability:1Flammability:1Reactivity:1Reactivity:1

This material is intended for laboratory use only. It is not sold or intended for drug, household or other uses. The information represents the most accurate and complete data currently available to us. However, we make no warranty, express or implied, with respect to such information, and we assume no liability resulting from its use.
